Soil Conservation Service

IMPORTANT

PRICES ARE SUBJECT TO CHANGE WITHOUT NOTICE. Orders will be invoiced at prices in effect on date we accept the order.

IMPORTANT: The following prices are per lb., unless otherwise mentioned. Prices herein are F. O. B. shipping point.

All quotations are subject to prior sale and our confirmation.

F. H. Woodruff & Sons, Inc. warrants to the extent of the purchase price that seeds or bulbs sold are as described on the container, within recognized tolerances. Seller gives no other or further warranty, express or implied.

VOLUME DISCOUNTS

**Your Opportunity To Save Money On
Vegetable Seed Purchases**

A 10% volume discount from these prices is given to those customers whose annual purchases of Vegetable Seed from F. H. Woodruff & Sons, Inc., exceeds \$250.00.

A 20% volume discount from these prices is given to those customers whose annual purchases of Vegetable Seed from F. H. Woodruff & Sons, Inc., exceeds \$2,000.00.

Here is Your 1957 Spot Price List

• • •

Please Read Carefully

For prompt service and shipment of spot orders, write, wire, or telephone us. All spot orders are shipped the day they are received if humanly possible.

Be sure to specify how your order should be shipped — Parcel Post, Truck, Express or Freight. This will avoid confusion and/or delays.

PACKAGED GOODS — Our special "Foil Pac" in handsome aluminum foil cartons. Items so packed are limited to the more popular varieties of vegetables and only those priced as packaged are so packed.

FULL BAG PRICES — Garden seeds other than Beans, Peas and Corn are priced in the list for quantities less than full bags. Weight of full bags can be determined by adding 1 lb. to the highest pound quantity shown in the heading of the left hand column of the bulk price list. A 5c per pound reduction from the prices listed in the left hand column under bulk prices is allowed on purchases of full bag lots.

Headquarters for Hybrid Sweet Corn!

Be sure your stocks of Woodruff's own Hybrid Sweet Corns are ample — Here are just a few of the Leading Varieties Bred by Woodruff.

GOLDEN SECURITY

83 days

The most popular hybrid sweet corn for market gardeners and shippers ever introduced by Woodruff. Good market quality together with large ears and high yields have made this variety the perennial main crop favorite. The 8-8½" long cylindrical ears have 14-16 rows of bright golden yellow kernels. Excellent husk coverage to tip restricts earworm damage. Plants are 7½' tall with fine deep root system, which insures against drought.

VICTORY GOLDEN

85 days

A Woodruff introduction, this is an exceptionally high yielding and high quality corn. The plants are 7½ to 8 feet tall. The ears have 12 to 16 rows, are 8 to 8½ inches long and very uniform, with medium width, golden yellow kernels of very fine quality and flavor.

EARLY HYBRID 0144

70 days

A new early hybrid developed by Woodruff, maturing in Marcross season, although yield and quality are far superior to Marcross. Ear type is comparable to Golden Cross Bantam. 6-7" long x 1½" in diameter and have 10-12 rows. Kernel size is slightly smaller than Carmelcross. Large, handsome, well-filled ears, have deep tender kernels, white interior silks and smooth dark green husks and flags.

WOODRUFF'S NEW EARLIGOLD

72 days

Developed by ourselves, this is one of the best early hybrids. The ears are 7 to 7½ inches, slight taper, uniform type, 12 to 14 rows, straight rowed, well filled tips, good coverage of heavy husks; husked ears average 8¼ ounces. Plants 5 feet, medium breadth leaves, medium to dark green heavy well rooted stalk.

These Newer Varieties
**Are Worthwhile Items for
Your Customers To Try.**

BEANS — Tendergreen Mosaic Resistant.

CANTALOUP — Delicious 51
Iroquois

CARROT — Gold Spike

CAULIFLOWER — Supreme Snowball
